

CHRISTINE NEVARD, MBE

Born in Kent and educated in a Bromley Grammar School, Christine worked for a Charity dedicated to one of the UK's largest organisations. Spending the majority of her career helping applicants in need, she was eventually involved in assisting the Director with a major constitutional reform and counselling residents and their relatives when the charity's nursing homes were closing. Shortly before her retirement in 1999, Christine was awarded the MBE for services to this charity.

Christine is a member of The Arts Fund and volunteers at her local National Trust property, Knole, as a Steward and Guide, assisting with interviews and the Oral History project. Each summer, she and husband Douglas are also privileged to act as Stewards for The City of London Festival.

Now living on the top of the North downs in Kent, they get great pleasure from working in the garden, welcoming and entertaining God children & friends and enjoy sequence dancing, travelling & walking. Christine is also a member of The United Wards' Club and in early 2015, she and Douglas were both awarded the Freedom of the City of London. Christine is a Liveryman of the Worshipful Company of Basketmakers.
